For Operators

How do I register a qualification in the Qualifications Register (QR)?

Can a qualification still be found on the Qualifications Register when its Validity Period (RVP) has expired?

What is the fee for registration of a qualification in the Qualifications Register?

The fee schedule can be obtained in the ["Guidelines & Forms"](#) under "QR" on the Main page. For details, please refer to the [fee schedule](#).

How should a Qualifications Framework (QF)-recognised programme be registered in Qualifications Register (QR)?

Are there any requirements on the certificates that my institution grant upon their completion of a particular Qualifications Framework (QF)-recognised programme?

Areas of Study and Training

A new and broader classification of 14 Areas of Study and Training for the QR was endorsed by the Liaison Committee on Quality Assurance (LCQA) in June 2015. Qualifications and respective learning programmes in the QR are grouped under this new classification system to facilitate searches. For more information, please refer to the [Area of Study and Training Sub-area For the Qualifications Register of the Qualifications Framework \(with Example Subject Matter\)](#).

Searching

How can I find a qualification on the QR?

In the Qualifications Search, you can quickly find a qualification based on any combination of Keywords, Types of Qualifications and / or QF Level for a Simple Search.

To go to Qualifications Search, you can either click the "Qualifications Search" button on the homepage, or click "Search" on the navigation bar and select "Qualifications".

Then, fill in or select relevant information in one or more search field(s). Click  next to the search field to open the pull-down menu for criteria selection.

Then, click "Search" to search for the relevant qualification(s) on the QR.

To re-start a new search, you may click "Reset" to reset all values in the search fields.

Can I have more criteria to narrow down my search?

Operator Interface to be Enhanced

- In use since launch of QR in 2008
- Features best function using Internet Explorer (IE) 10
 - ❖ Microsoft announced termination of support to IE
- Interface in 4:3 aspect ratio
 - ❖ Waste of screen space
- User experience in record and batch location

→ Enhanced Operator Interface

The screenshot shows the 'Operator/Agency Inbox' interface. At the top, there's a header with the '資歷架構' (Qualifications Framework) logo and 'The Government of Hong Kong Special Administrative Region' logo. Below the header, there's a navigation bar with 'Logout', '繁體', and '简体' links. The main section is titled 'Operator/Agency Inbox' and includes a 'List for Next Open-end Billing' button. Below this, there's a 'Search Criteria' section with various input fields: 'Operator/Agency Reference Code', 'Batch No', 'Level' (with checkboxes 1-7 and ALL), 'Area of Study and Training', 'Industry', 'Types of Qualification', 'Registration Status', 'Branch', 'Title of Qualification', 'QR Registration No', and 'QR Status' (with radio buttons for Created, Submitted, Skipped, Rejected, All, and Published). There are 'Search' and 'Export' buttons. Below the search criteria, there's a table with columns: 'Operator/Agency Reference Code', 'Title of Qualification', 'Mode of Delivery', 'Action Type', 'Batch No', and 'QR Status'. The table is currently empty. At the bottom, there's a row of buttons: 'Delete', 'Batch Submit', 'Upload Qualification', 'Add Qualification', 'Change Qualification', 'Discontinue Qualification', and 'Transfer Qualification'.
